

Empirical Exergy Pvt. Ltd.

(CIN No: U74999MP2018PTC045751, UAM: MP23D0039348)

- Energy Audit • Harmonic Analysis • Electrical Consultancy • Thermography
- Green Audit • Water Audit • Electrical Fire and Safety • Energy Simulation
- Solar PV Plant Design & Development • ZED Certification Consultant
- IoT Based Energy Monitoring • ISO 50001 Consultant • Training & Workshops

Empirical Exergy Private Limited (EEPL), a company incorporated and registered under the Companies Act, 2013, is an ISO 9001:2015 certified company based at Indore.

EEPL also registered with The National Small Industries Corporation Ltd. (NSIC) for Micro & Small Enterprises (MSEs) as notified by the Govt. of India. EEPL Empanelled as Energy Auditor in M.P. Urja Vikas Nigam Ltd., Bhopal M.P.

The company is managed with highly qualified and experienced professionals including “Accredited Energy Auditor, Certified Energy Auditors and managers from Bureau of Energy Efficiency” and Team of Engineers so that assured and quality services to its valuable customers.

EEPL, provide industrial services and solution, Energy Audit, Power Quality Audit, Green Audit, Water Audit, Fire & Safety Audit, Compressed Air Audit, Thermography on electrical panels and utility including Boiler & Furnace, Steam and condensate line, HVAC & process equipment's. Pinch analysis for Process Integration to optimize heating and cooling load on utilities operation.

EEPL provide consultancy for Energy Efficiency in Building, energy simulation, Data analysis, Solar PV plant design and development. We have also conducted various training programmes and workshops on Energy conservation for industries and institutions.

EEPL has provided state of art “Remote Energy Monitoring Solutions” managed on cloud platform based on Internet of Things (IOT) for Industries.

We have noble infrastructure for onsite measurement; Power Analyzer with Harmonic Measurement, Thermal imager, IR Gun, Flue gas analyzer, Ultrasonic Flow meter, Pressure Gauge Digital tachometer, Pitot tube, Anemometer, Lux meter, Digital Earth Resistance Tester, Digital Temperature meter, etc.

& Many More..... **Success Partners with Us**
